

ŠKODA iV Charger Powered by Elli

the offer and method of purchase varies by country

by country
The ŠKODA iV Charger or "wallbox"
is a wall-mounted charging point for
ŠKODA passenger cars. It provides
electricity to the vehicle when it is plugged
in using a cable. It is currently offered
in three variants: ŠKODA iV Charger,
ŠKODA iV Charger Connect, ŠKODA iV
Charger Connect+. All of them draw on AC
to charge the car with power of up to 11 kW.

[here paste the link to your wallbox e-shop]

Cable for home charging

available as a spare part

The MODE 2 cable is a great solution for customers who need to charge their car from regular "home" socket. The cable length is 6m.

Bag for charging cables 000 087 317BQ

A practical accessory for any electric car, used for carrying the charging cable.

Cleaner for charging cables

000 096 150F

The charger cable cleaner is used for cleaning and/ or drying the cable before placing it in the interior of the car or a bag.

Cable for public charging

available as a spare part

The MODE 3 cable is for public charging networks. This product is for charging stations that don't have a charging cable or are equipped with an unsuitable one. The cable length is 6m.

MYŠKODA APP

Driving your ŠKODA isn't just about driving. It's the functions, the features, and the personal touches that add up to a brilliant experience. It's the music you play on the way to your destination. It's the security of knowing that great support is never more than a few taps away.

Your ŠKODA vehicle is your everyday companion – and thanks to MyŠKODA, it's so much more. Now available for iOS (Apple) and Android (Google) devices, it provides comprehensive information about your car and its service no matter where you are. Use Apple CarPlay and AndroidAuto to mirror MyŠKODA via the onboard infotainment system and listen to your favourite tunes. Get roadside service or talk to your preferred dealer at a moment's notice.

Ask PAUL – the Personal Assistant U Love – to check traffic, set alarms, and solve your day-to-day challenges.

Please note:

MyŠKODA App support ends in Q3 this year and will be replaced by ŠKODA Connect App.

PREFER QUALITY? CHOOSE ŠKODA GENUINE ALLOY WHEELS

ALLOY WHEELS

Independent comparative tests between Genuine and non-original Alloy Wheels were done by an independent institution. The tests include: Driving, Surface, Material, Axial and Radial, Radial Impact.

WATCH TESTIN

CHILD SEATS SAFETY TESTING

Do you want to ensure the maximum safety of your children in the car? The child seats from ŠKODA Genuine Accessories with mounting options for transporting against the direction of travel, comfort and variability, represent the best solution for transporting the smallest passengers.

Practical and variable

Perfectly verified

QUALITY THAT HOLDS AND LASTS

Textile floor mats undergo the heel test that stimulates the action of the driver's foot on the accelator. Also undergo the load test that stimulates a long driving test.

ŠKODA Genuine Accessories are offered by ŠKODA as optional extras at additional charges. Colours, designs and materials may differ from those in the illustrations. Information such as specifications, appearance, performance, dimensions, weight, fuel consumption and operating costs relating to the illustrated vehicles and products is based on information available at the time of printing this document, and ŠKODA AUTO reserves the right to change these data.

Correct rim and tyre size combinations are available in the Registration Certificate and/or from your dealer. When choosing snow-chains, make sure to follow the indication in your car's certificate of roadworthiness. Wheels depicted on the cars may not be part of the available range.

Please contact your ŠKODA Partner for information as to which products are available and suitable for your model, what restrictions apply, the installation times required and costs. Subject to change without notice.

Vehicle parameters such as weight, rolling resistance and aerodynamics may vary depending on additional equipment and accessories (attachments, tyre sizes, etc.) and may, together with weather, traffic conditions and individual driving styles, affect fuel consumption, electricity consumption, CO₂ emissions and other performance parameters. ŠKODA Genuine Accessories are not used to determine consumption and emission levels, and can therefore only be fitted after the vehicle's first registration.
